**ADMINISTRATIVE CIVIL LIABILITY COMPLAINT NO. R7-2006-0056
ISSUED TO
NILAND SANITARY DISTRICT
FOR
DISCHARGES OF EFFLUENT THAT EXCEED THE EFFLUENT LIMITATIONS
OF THE "R" DRAIN IN VIOLATION OF BOARD ORDER NO. R7-2003-0049
NPDES PERMIT NO. CA0104451**

The Niland Sanitary District (Discharger) owns and operates a sewage collection and disposal system and provides sewerage service to the City of Niland. The wastewater treatment plant is designed to treat municipal wastewater flows of up to 0.5 million gallons per day. On February 14, 2003, the California Regional Water Quality Control Board, Colorado River Basin Region (Regional Water Board) adopted Waste Discharge Requirements, and a National Pollutant Discharge Elimination System (NPDES) Permit to regulate the discharge of treated municipal wastewater to the "R" Drain. The Permit is assigned NPDES Permit No. CA0104451, Board Order No R7-2003-0049.

The Executive Officer of the Regional Water Board has issued Administrative Civil Liability Complaint No. R7-2006-0056 against the Discharger, alleging that Niland Sanitary District discharged wastewater that exceeded effluent limits set forth in Board Order No R7-2003-0049. Pursuant to Section 13385 of the California Water Code, this complaint proposes that the discharger pay one hundred twenty-six thousand dollars (\$126,000) in mandatory minimum penalties for violations of specified effluent limitations. Niland Sanitary District may propose to spend an equivalent amount toward the implementation of a compliance project that is consistent with Section X of the Water Quality Enforcement Policy (Policy). The Policy was adopted by the State Water Resources Control Board on February 19, 2002, as Resolution No. 2002-0040, was approved by the Office of Administrative Law, and became effective on July 30, 2002.

Unless the Discharger agrees to waive its right to a public hearing on the matter, as provided by California Water Code section 13323(b), the Regional Water Board will proceed with the public hearing as follows:

Date of hearing: September 20, 2006
Time: 10:00 a.m.
Location: La Quinta City Council Chambers

During the hearing, the public and any other person interested in this matter can provide the Regional Water Board with comments on this matter.

If the discharger waives its right to the hearing and pays the administrative civil liability in full, no hearing will be held. The settlement of this Complaint will become final 30 days from the date of this Public Notice. Persons wishing to file written comments on, or objections to, the proposed Administrative Civil Liability Complaint or any other aspects of this matter are required to do so within 30 days of the date of this Notice so that the Regional Board may consider the comments.
