ORDER

APPLICATION 5178

PERMIT 2939

LICENSE 2409

ORDER ALLOWING CHANGE IN PURPOSE OF USE AND PLACE OF USE
AND
CORRECTING THE DESCRIPTION OF THE SOURCE AND THE POINT OF DIVERSION

WHEREAS:

1. License 2409 was issued to the United States Angeles National Forest and was filed with the County Recorder of Los Angeles County on April 14, 1942.
2. An order allowing change in purpose of use was granted on February 19, 1951 and has been filed with the County Recorder of Los Angeles County.
3. The USGS 7.5' Quadrangle map Condor Peak shows the point of diversion as being on an unnamed stream tributary to Vasquez Creek thence Big Tujunga Canyon. License 2409 describes the same point of diversion as being on Vasquez Creek tributary to Big Tujunga Creek. A correction in the description of the source under said license is needed to conform the description with the quadrangle map.
4. A request to correct the description of the point of diversion under said license has been filed with the State Water Resources Control Board.
5. The Board has determined that the petitioned changes and correction of the description of the source and the point of diversion do not constitute the initiation of a new right nor operate to the injury of any other lawful user of water.

NOW, THEREFORE, IT IS ORDERED THAT:

1. The source under this license shall be as follows:

An unnamed stream in Los Angeles County tributary to Vasquez Creek thence Big Tujunga Canyon.
2. The purposes of use under this license shall be as follows:

Fire Protection & Wildlife Enhancement
3. The point of diversion under this license shall be as follows:

South 4,757 feet and East 3,470 feet from NW corner of Section 11, T2N, R13W, SBB&M, being within SW $\frac{1}{4}$ of SE $\frac{1}{4}$ of said Section 11.

License 2409 (Application 5178)

ORDER

APPLICATION 5178

PERMIT 2939

LICENSE 2409

ORDER ALLOWING CHANGE IN CHARACTER OF USE

Licensee having established to the satisfaction of the State Engineer that the change in character of use under Application 5178, Permit 2939, License 2409 for which petition was submitted on January 18, 1951 will not operate to the injury of any other legal user of water, the State Engineer so finds, and

IT IS ORDERED that permission be and the same is hereby granted to change the character of use under said Application 5178, Permit 2939, License 2409 to a character of use as follows, to wit:

FIRE PROTECTION PURPOSES

IT IS FURTHER ORDERED that said Application 5178, Permit 2939, License 2409 be amended to include an additional clause as follows, to wit:

PROVIDED, HOWEVER, THAT NOTHING HEREIN CONTAINED SHALL BE CONSTRUED AS CONFIRMING IN LICENSEE ANY RIGHT, WHICH SHALL BE GOOD AS AGAINST A SUBSEQUENT APPROPRIATOR, TO AN AMOUNT FOR FIRE PROTECTION PURPOSES IN EXCESS OF WHAT IS REASONABLY NECESSARY TO MAINTAIN AN ADEQUATE RESERVE IN STORAGE FOR FIRE PROTECTION EXCEPT WHEN THERE EXISTS AN ACTUAL NEED THEREOF FOR FIRE FIGHTING USE.

WITNESS my hand and the seal of the Department of Public Works of the State of California this 19th day of February, 1951.

License for Diversion and Use of Water

LICENSE 2409

PERMIT 2939

APPLICATION 5178

THIS IS TO CERTIFY, That **United States - Angeles National Forest**
Los Angeles, California

has made proof to the satisfaction of the Division
of Water Resources of California of a right to the use of the waters of **Vasquez Creek in Los Angeles County**

tributary of **Big Tujunga Creek**

for the purpose of **domestic use** Amended by order of 2-19-51
under Permit **2939** of the Division of Water Resources and that said right to the use of said waters has
been perfected in accordance with the laws of California, the rules and regulations of the Division of Water Resources
and the terms of the said permit; that the priority of the right herein confirmed dates from **August 30, 1926;**

that the amount of water to which such right is entitled and hereby confirmed, for the purposes aforesaid, is limited
to the amount actually beneficially used for said purposes and shall not exceed **one hundred fifty (150)**
gallons per day from January 1st to December 31st of each season.

The point of diversion of such water is located **South forty-seven hundred fifty-seven (4757) feet and East thirty-six hundred sixty-eight (3668) feet from the Northwest corner of Section 11, T 2 N, R 13 W, S.B.B.&M. and being within the SW $\frac{1}{4}$ of SE $\frac{1}{4}$ of said Section 11.**

A description of the lands or the place where such water is put to beneficial use is as follows:

within **SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 11, T 2 N, R 13 W, S.B.B.&M.**

All rights and privileges under this license including method of diversion, method of use and quantity of water diverted are subject to the continuing authority of the Division of Water Resources in accordance with law and in the interest of the public welfare to prevent waste, unreasonable use, unreasonable method of use or unreasonable method of diversion of said water.

Reports shall be filed promptly by licensee on appropriate forms which will be provided for the purpose from time to time by the Division of Water Resources.

The right to the diversion and use of the water aforesaid hereby confirmed is restricted to the point of diversion herein specified and to the lands or place of use herein described.

This license is granted and said appropriator takes all rights herein mentioned subject to the terms and conditions set forth in Section 20 of Chapter 586, Statutes of 1913, as amended, which is as follows:

SEC. 20. All permits and licenses for the appropriation of water shall be under the terms and conditions of this act, and shall be effective for such time as the water actually appropriated under such permits and licenses shall actually be used for the useful and beneficial purpose for which said water was appropriated, but no longer; and every such permit or license shall include the enumeration of conditions therein which in substance shall include all of the provisions of this section and likewise the statement that any appropriator of water, to whom said permit or license may be issued, shall take the same subject to such conditions as therein expressed; provided, that at any time after the expiration of twenty years after the granting of a license, the state or any city, city and county, municipal water district, irrigation district, lighting district, or any political subdivision of the state shall have the right to purchase the works and property occupied and used under said license and the works built or constructed for the enjoyment of the rights granted under said license; and in the event that the said state, city, city and county, municipal water district, irrigation district, lighting district or political subdivision of the state so desiring to purchase and the said owner of said works and property can not agree upon said purchase price, said price shall be determined in such manner as is now or may hereafter be determined in eminent domain proceedings. If it shall appear to the state water commission at any time after a permit or license is issued as in this act provided that the permittee, or licensee, or the heirs, successors, or assigns, of said permittee or licensee, has not put the water granted under said permit or license to the useful or beneficial purpose for which the permit or license was granted, or that the permittee or licensee, or the heirs, successors, or assigns of said permittee or licensee, has ceased to put said water to such useful or beneficial purpose, or that the permittee or licensee, or the heirs, successors or assigns of said permittee or licensee, has failed to observe any of the terms and conditions in the permit or license as issued, then and in that case the said commission, after due notice to the permittee, licensee, or the heirs, successors or assigns of such permittee or licensee, and a hearing thereon, may revoke said permit or license and declare the water to be unappropriated and open to further appropriation in accordance with the terms of this act. The findings and declaration of said commission shall be deemed to be prima facie correct until modified or set aside by a court of competent jurisdiction; provided, that any action brought so to modify or set aside such finding or declaration must be commenced within thirty days after the service of notice of said revocation on said permittee or licensee, his heirs, successors or assigns. And every licensee or permittee under the provisions of this act if he accepts such permit or license shall accept the same under the conditions precedent that no value whatsoever in excess of the actual amount paid to the state therefor shall at any time be assigned to or claimed for any permit or license granted or issued under the provisions of this act, or for any rights granted or acquired under the provisions of this act, in respect to the regulation by any competent public authority of the services or the price of the services to be rendered by any permittee or licensee, his heirs, successors or assigns or by the holder of any rights granted or acquired under the provisions of this act, or in respect to any valuation for purposes of sale to or purchase, whether through condemnation proceedings or otherwise, by the state or any city, city and county, municipal water district, irrigation district, lighting district or any political subdivision of the state, of the rights and property of any permittee or licensee, or the possessor of any rights granted, issued, or acquired under the provisions of this act. The application for a permit by municipalities for the use of water for said municipalities or the inhabitants thereof for domestic purposes shall be considered first in right, irrespective of whether they are first in time; provided, however, that such application for a permit or the granting thereafter of permission to any municipality to appropriate waters, shall not authorize the appropriation of any water for other than municipal purposes; and providing, further, that where permission to appropriate is granted by the state water commission to any municipality for any quantity of water in excess of the existing municipal needs therefor, that appropriate is granted by the state water commission to any municipality, the state water commission shall have the power to issue permits for the temporary appropriation pending the application of the entire appropriation permitted, the state water commission may authorize such municipality to become as to such surplus a public utility, subject to the jurisdiction and control of the railroad commission of the State of California for such period or periods from and after the date of the issuance of such permission to appropriate, as may be allowed for the application to municipal uses of the entire appropriation permitted; and provided, further, that when such municipality shall desire to use the additional water granted in its said application it may do so upon making just compensation for the facilities for taking, conveying and storing such additional water rendered valueless for said purposes, to the person, firm or corporation which constructed said facilities for the temporary use of said excess waters, and which compensation, if not agreed upon between the municipality and said person, firm or corporation, may be determined in the manner provided by law for determining the value of property taken by and through eminent domain proceedings.
