STATE ENGINEER

License for Diversion and Use of Water

LICENSE 2850

PERMIT 6328

APPLICATION 10882

THIS IS TO CERTIFY, That **Roy S. Anderson**
Orland, California

has made proof as of **October 23, 1947**
(the date of inspection) to the satisfaction of the State Engineer of California of a right to the use of the waters of
an unnamed stream in **Glenn County**

tributary to **Sacramento River**

for the purpose of **irrigation use**
under Permit **6328** of the Department of Public Works and that said right to the use of said waters has
been perfected in accordance with the laws of California, the rules and regulations of the Department of Public Works
and the terms of the said permit; that the priority of the right herein confirmed dates from **September 19, 1914**

that the amount of water to which such right is entitled and hereby confirmed, for the purposes aforesaid, is limited
to the amount actually beneficially used for said purposes and shall not exceed **sixty three hundredths (0.63)**
cubic foot per second from about **March 1** to about **October 31** of each season.

In case of rotation the equivalent of such continuous flow allowance for any
thirty day period may be diverted in a shorter time if there be no interference with
other vested rights.

This license is based on the use of water made during the year 1946, which was the
year of maximum use within the three year period immediately preceding the date of
inspection.

The point of diversion of such water is located **South nine hundred (900) feet from the North**
one-quarter corner of Section 8, T. 22 N., R. 2 W., M.D.B. & M., being within the NW 1/4
of said Section 8.

A description of the lands or the place where such water is put to beneficial use is as follows:

20 acres within the NW 1/4 NW 1/4 and 25 acres within the NW 1/4 NW 1/4 of Section 8, T. 22 N.,
R. 2 W., M.D.B. & M., a total of 45 acres.

All rights and privileges under this license including method of diversion, method of use and quantity of water
diverted are subject to the continuing authority of the Department acting through the State Engineer in accordance
with law and in the interest of the public welfare to prevent waste, unreasonable use, unreasonable method of use or
unreasonable method of diversion of said waters and to prevent unreasonable interference with vested
rights. Reports shall be filed promptly by licensee on appropriate forms which will be provided for the purpose from
time to time by the State Engineer.

The right to the diversion and use of the water aforesaid hereby confirmed is restricted to the point of diversion
herein specified and to the lands or place of use herein described.
