**Gray Davis**  
Governor

**CERTIFICATE NO.: 5531**

**DATE OF FILING: November 3, 1997**

Under the provisions of Article 2.5, Chapter 1 of Part 2 of Division 2 of the Water Code,

*Van Vleck Ranching and Resource Inc.*  
7879 Van Vleck Road  
Rancho Murieta, CA 95683

has filed a claim of water right for stockpond construction prior to January 1, 1969, and has applied to the State Water Resources Control Board (SWRCB) for evidence of such water right.

It appears from evidence provided by the claimant and from such other information as has been obtained by the SWRCB that the stockpond described herein had a capacity of 10 acre-feet or less on January 1, 1975; that the stockpond was constructed prior to January 1, 1969; that the stockpond is used primarily for stockwatering purposes; and that the stockpond was not involved in water rights litigation between private parties prior to January 1, 1974.

Therefore, the SWRCB certifies that the above-named claimant has complied with the statute and has a water right within the meaning of Water Code section 1226.1, to collect and hold in storage 7.0 acre-feet of water for stockwatering, including domestic and recreational use which is incidental to stockwatering use, at the following location:

*On Unnamed Stream tributary to Carson Creek thence Deer Creek thence Consumnes River and the Point of Diversion is located at 328,080 feet north and 2,243,733 feet east by California Coordinate System, Zone 2 and is within the NW<sup>1</sup>/<sub>4</sub> of NW<sup>1</sup>/<sub>4</sub> of Section 7, T8N, R8E, MDB&M in the County of Sacramento.*

The Claimant's water right priority of this certificate is November 3, 1997, the date of filing, and is subject to all prior water rights.
