

STATE OF CALIFORNIA
CALIFORNIA ENVIRONMENTAL PROTECTION AGENCY
STATE WATER RESOURCES CONTROL BOARD

DIVISION OF WATER RIGHTS

In the Matter of License 6145B (Application 16733B)

ERNEST G. OSWALD

ORDER REVOKING LICENSE

SOURCE: Unnamed Stream

COUNTY: Sacramento

WHEREAS:

1. License 6145B was issued to Pacific Coast Building Products, Inc. on February 9, 1984, pursuant to Application 16733B, and was recorded with the County Recorder of Sacramento County on February 22, 1984 in book 19840222, pages 957-958.
2. License 6145B was subsequently assigned to Ernest G. Oswald on March 5, 1985.
3. Ernest G. Oswald requested on May 31, 2012 that the license be revoked by the State Water Resources Control Board (State Water Board), Division of Water Rights (Division).
4. The Division interprets the licensee's request for revocation as a waiver of the notice and hearing requirements set forth in Water Code sections 1675 through 1675.1.

Therefore, it is ordered that License 6145B is hereby revoked by the State Water Board, and the water is declared to be subject to appropriation. This revocation may not result in additional water being available for new appropriations if there are applicable restrictions due to past State Water Board decisions regarding water availability.

STATE OF CALIFORNIA
STATE WATER RESOURCES CONTROL BOARD
DIVISION OF WATER RIGHTS

License for Diversion and Use of Water

APPLICATION 16733B

PERMIT 10506

LICENSE 6145-B

THIS IS TO CERTIFY, That

Pacific Coast Building Products, Inc. *(initials)*
2100 Marconi Avenue, Sacramento, California 95821

has made proof as of September 26, 1960 (date of inspection) to the satisfaction of the State Water Resources Control Board of a right to the use of the water of

An Unnamed Stream in Sacramento County
tributary to Cosumnes River

for the purpose of Irrigation and Stockwatering uses

under Permit 10506 of the Board and that the right to the use of this water has been perfected in accordance with the laws of California, the Regulations of the Board and the permit terms; that the priority of this right dates from November 10, 1955.

The amount of water to which this right is entitled and hereby confirmed is limited to the amount actually beneficially used for the stated purposes and shall not exceed forty-two hundredths (0.42) cubic foot per second to be diverted from April 1 to October 31 of each year.

THE POINT OF DIVERSION OF SUCH WATER IS LOCATED:

North 8,150 feet and East 3,000 feet from NW corner of Section 3, T6N, R7E, MDB&M, being within SW $\frac{1}{4}$ of NE $\frac{1}{4}$ of Projected Section 27, T7N, R7E, MDB&M.

A DESCRIPTION OF THE LANDS OR THE PLACE WHERE
SUCH WATER IS PUT TO BENEFICIAL USE IS AS FOLLOWS:

38 acres within Projected Section 27, T7N, R7E, MDB&M

P. 6145B

2-5-85 Asgd to Ernest G. Oswald

Licensee shall allow representatives of the Board and other parties, as may be authorized from time to time by the Board, reasonable access to project works to determine compliance with the terms of this license.

Pursuant to California Water Code Sections 100 and 275, all rights and privileges under this license, including method of diversion, method of use, and quantity of water diverted, are subject to the continuing authority of the State Water Resources Control Board in accordance with law and in the interest of the public welfare to prevent waste, unreasonable use, unreasonable method of use, or unreasonable method of diversion of said water.

This continuing authority of the Board may be exercised by imposing specific requirements over and above those contained in this license with a view to minimizing waste of water and to meeting the reasonable water requirements of licensee without unreasonable draft on the source. Licensee may be required to implement such programs as (1) reusing or reclaiming the water allocated; (2) using water reclaimed by another entity instead of all or part of the water allocated; (3) restricting diversions so as to eliminate agricultural tailwater or to reduce return flow; (4) suppressing evaporation losses from water surfaces; (5) controlling phreatophytic growth; and (6) installing, maintaining, and operating efficient water measuring devices to assure compliance with the quantity limitations of this license and to determine accurately water use as against reasonable water requirements for the authorized project. No action will be taken pursuant to this paragraph unless the Board determines, after notice to affected parties and opportunity for hearing, that such specific requirements are physically and financially feasible and are appropriate to the particular situation.

Reports shall be filed promptly by licensee on appropriate forms which will be provided for the purpose from time to time by the Board.

The right hereby confirmed to the diversion and use of water is restricted to the point or points of diversion herein specified and to the lands or place of use herein described.

This license is granted and licensee accepts all rights herein confirmed subject to the following provisions of the Water Code:

Section 1625. Each license shall be in such form and contain such terms as may be prescribed by the Board.

Section 1626. All licenses shall be under the terms and conditions of this division (of the Water Code).

Section 1627. A license shall be effective for such time as the water actually appropriated under it is used for a useful and beneficial purpose in conformity with this division (of the Water Code) but no longer.

Section 1628. Every license shall include the enumeration of conditions therein which in substance shall include all of the provisions of this article and the statement that any appropriator of water to whom a license is issued takes the license subject to the conditions therein expressed.

Section 1629. Every licensee, if he accepts a license does so under the conditions precedent that no value whatsoever in excess of the actual amount paid to the State therefor shall at any time be assigned to or claimed for any license granted or issued under the provisions of this division (of the Water Code), or for any rights granted or acquired under the provisions of this division (of the Water Code), in respect to the regulation by any competent public authority of the services or the price of the services to be rendered by any licensee or by the holder of any rights granted or acquired under the provisions of this division (of the Water Code) or in respect to any valuation for purposes of sale to or purchase, whether through condemnation proceedings or otherwise, by the State or any city, city and county, municipal water district, irrigation district, lighting district, or any political subdivision of the State, of the rights and property of any licensee, or the possessor of any rights granted, issued, or acquired under the provisions of this division (of the Water Code).

Section 1630. At any time after the expiration of twenty years after the granting of a license, the State or any city, city and county, municipal water district, irrigation district, lighting district, or any political subdivision of the State shall have the right to purchase the works and property occupied and used under the license and the works built or constructed for the enjoyment of the rights granted under the license.

Section 1631. In the event that the State, or any city, city and county, municipal water district, irrigation district, lighting district, or political subdivision of the State so desiring to purchase and the owner of the works and property cannot agree upon the purchase price, the price shall be determined in such manner as is now or may hereafter be provided by law for determining the value of property taken in eminent domain proceedings.
