**DIVISION OF WATER RIGHTS**

---

In the Matter of License 11383 (Application 25131)  
Judith W. Isaac

**ORDER REVOKING LICENSE**

---

SOURCE: Unnamed Stream tributary to South Fork Gualala River thence Gualala River thence Pacific Ocean

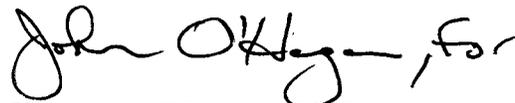

COUNTY: Sonoma

---

**WHEREAS:**

1. A revocation request form dated April 21, 2005 has been received from Judith W. Isaac (Licensee) requesting revocation of the license by the State Water Resources Control Board (State Water Board), Division of Water Rights (Division).
2. The Division interprets the Licensee's request for revocation as a waiver of the notice and hearing requirements set forth in Water Code sections 1675 through 1675.2.

**Therefore, it is ordered** that License 11383 is hereby revoked by the State Water Board, and the water is declared to be subject to appropriation. This revocation may not result in additional water being available for new appropriations if there are applicable restrictions due to past State Water Board decisions regarding water availability.

*Victoria A. Whitney, Chief  
Division of Water Rights*

## License for Diversion and Use of Water

APPLICATION 25131

PERMIT 17021

LICENSE 11383

**THIS IS TO CERTIFY, That**

Earl J. Isaac  
c/o Ross Forry, 31090 Sea View Road  
Cazadero, California 95421

has *made proof as of* September 21, 1982 *(the date of inspection)*  
to the satisfaction of the State Water Resources Control Board of a right to the use of the water of  
An Unnamed Stream in Sonoma County

tributary to South Fork Gualala River thence Gualala River thence Pacific Ocean

for the purpose of Recreational and Fire Protection uses  
under Permit 17021 of the Board and that the right to the use of this water has been perfected  
in accordance with the laws of California, the Regulations of the Board and the permit terms; that the  
priority of this right dates from August 19, 1976 and that the amount of water to which  
this right is entitled and hereby confirmed is limited to the amount actually beneficially used for the stated  
purposes and shall not exceed Five (5) acre-feet per annum to be collected from  
November 1 of each year to April 1 of the succeeding year.

This license does not authorize collection of water to storage outside of the specified season to offset evaporation and seepage losses or for any other purpose.

After the initial filling of the reservoir, licensee's right under this license extends only to water necessary to keep the storage reservoir full by replacing water lost by evaporation and seepage, and to refill if emptied for necessary maintenance or repair.

THE POINT OF DIVERSION OF SUCH WATER IS LOCATED:

South 2,000 feet and West 1,200 feet from NE corner of Section 2, T8N, R13W, MDB&M, being within SE $\frac{1}{4}$  of NE $\frac{1}{4}$  of said Section 2.

A DESCRIPTION OF THE LANDS OR THE PLACE WHERE SUCH WATER IS PUT TO BENEFICIAL USE IS AS FOLLOWS:

At reservoir within SE $\frac{1}{4}$  of NE $\frac{1}{4}$  of Section 2, T8N, R13W, MDB&M, as shown on map on file with State Water Resources Control Board.

The quantity of water diverted under this license is subject to modification by the State Water Resources Control Board if, after notice to the licensee and an opportunity for hearing, the Board finds that such modification is necessary to meet water quality objectives in water quality control plans which have been or hereafter may be established or modified pursuant to Division 7 of the Water Code. No action will be taken pursuant to this paragraph unless the Board finds that (1) adequate waste discharge requirements have been prescribed and are in effect with respect to all waste discharges which have any substantial effect upon water quality in the area involved, and (2) the water quality objectives cannot be achieved solely through the control of waste discharges.

This license is subject to the continuing authority of the State Water Resources Control Board to reduce the amount of water named in the license a finding by the Board that the amount is in excess of that reasonably needed to be held in storage for the authorized uses. No action will be taken by the Board without prior notice to the owner and an opportunity for hearing.

Licensee shall allow representatives of the Board and other parties, as may be authorized from time by the Board, reasonable access to project works to determine compliance with the terms of the

Pursuant to California Water Code Sections 100 and 275, all rights and privileges under this license, including method of diversion, method of use, and quantity of water diverted, are subject to the continuing authority of the State Water Resources Control Board in accordance with law and in the interest of the public welfare to prevent waste, unreasonable use, unreasonable method of use, or unreasonable method of diversion of said water.

This continuing authority of the Board may be exercised by imposing specific requirements over those contained in this license with a view to minimizing waste of water and to meeting the reasonable requirements of licensee without unreasonable draft on the source. Licensee may be required to implement such programs as (1) reusing or reclaiming the water allocated; (2) using water reclaimed by another entity instead of all or part of the water allocated; (3) restricting diversions so as to eliminate agricultural tailwater or return flow; (4) suppressing evaporation losses from water surfaces; (5) controlling phreatophytic growth. installing, maintaining, and operating efficient water measuring devices to assure compliance with the limitations of this license and to determine accurately water use as against reasonable water requirements authorized project. No action will be taken pursuant to this paragraph unless the Board determines, after due to affected parties and opportunity for hearing, that such specific requirements are physically and financially feasible and are appropriate to the particular situation.

Reports shall be filed promptly by licensee on appropriate forms which will be provided for the purpose from time to time by the Board.

The right hereby confirmed to the diversion and use of water is restricted to the point or points of diversion herein specified and to the lands or place of use herein described.

This license is granted and licensee accepts all rights herein confirmed subject to the following provisions of the Water Code:

Section 1625. Each license shall be in such form and contain such terms as may be prescribed by the Board.

Section 1626. All licenses shall be under the terms and conditions of this division (of the Water Code).

Section 1627. A license shall be effective for such time as the water actually appropriated under it is used for a useful and beneficial purpose in conformity with this division (of the Water Code) but no longer.

Section 1628. Every license shall include the enumeration of conditions therein which in substance shall include all of the provisions of this article and the statement that any appropriator of water to whom a license is issued takes the license subject to the conditions therein expressed.

Section 1629. Every licensee, if he accepts a license does so under the conditions precedent that no value what excess of the actual amount paid to the State therefor shall at any time be assigned to or claimed for any license issued under the provisions of this division (of the Water Code), or for any rights granted or acquired under the provisions of this division (of the Water Code), in respect to the regulation by any competent public authority of the services of the services to be rendered by any licensee or by the holder of any rights granted or acquired under the provisions of this division (of the Water Code) or in respect to any valuation for purposes of sale to or purchase, whether through court proceedings or otherwise, by the State or any city, city and county, municipal water district, irrigation district, light or any political subdivision of the State, of the rights and property of any licensee, or the possessor of any right issued, or acquired under the provisions of this division (of the Water Code).

Section 1630. At any time after the expiration of twenty years after the granting of a license, the State or a city and county, municipal water district, irrigation district, lighting district, or any political subdivision of the State shall have the right to purchase the works and property occupied and used under the license and the works built or constructed in connection with the enjoyment of the rights granted under the license.

Section 1631. In the event that the State, or any city, city and county, municipal water district, irrigation district, or political subdivision of the State so desiring to purchase and the owner of the works and property occupied and used under the license, upon the purchase price, the price shall be determined in such manner as is now or may hereafter be provided by law for determining the value of property taken in eminent domain proceedings.
